

“ I have to really thank you for helping me choose one of the best Health Insurance policies.

I have to specially mention Mr. Puneet Oberoi, Director- Excellent Investment Advisorz Pvt Ltd for being an excellent advisor. I have always been appreciative of best marketing and service practices and Mr.Puneet Oberoi and his colleagues are extremely courteous and customer-oriented, which is why existing customers trust and refer them to their friends and relatives.

Max Bupa is the best Health Insurance to cover my family and I would rate them 10 on 10 for their fastest approvals and instant email and mobile updates.

With an individual Medical Cover of 5 Lacs each for our family of 4 plus additional Floater Cover of 30 Lacs, the overall cover of 50 Lacs gives immense sense of security and peace of mind. The premium of around 26,000/- for 50 Lacs is worth every rupee and one cannot get a better customized Health Insurance than Max Bupa.

Usually, we buy health insurance for security and to cushion ourselves against huge medical expenses in case one of the family members need to be admitted in emergency.

This what I experienced when my 17 year old daughter had to be admitted recently. With a Max Bupa Health Insurance, I was able to get her the best medical attention at one of the finest hospitals in Delhi. The approval was 3 times faster than many other cases and it really gives a great sense of relief when your entire focus is on the recovery of your loved ones.

I hope Excellent Investment Advisorz Pvt Ltd will continue to delight more customers.”
